TESTIMONIALS

SMARTTRACK.INFABCORP.COM

"Smart Track makes it simple to manage my suite of lead aprons. We track over 100 aprons - it saves time and headaches."

Rich Norman – Lead Tech
Los Robles Hospital, Thousand Oaks, CA

"Tracking lead aprons and making sure that they have been inspected is a challenge for any large radiology facility. Of the many apron-tracking systems I reviewed, I knew that the "SMART TRACK" apron inventory system would work for our facility and meet new regulatory standards set by "The Joint Commission"...The system is user friendly. All I know is that anyone who has the burden of tracking aprons needs to get "Smart" about tracking their apron inventory".

Roseann Zeldin, RT, (R) (M), CNMT – Assistant Radiation
Safety Officer Department of Radiology & Imaging
Hospital for Special Surgery New York City, New York

"The SMART TRACK Apron Inventory system has revolutionized the way lead apron quality control testing and inventory management is performed at our facility. It is a superior, comprehensive, and user-friendly product. Individual bar codes make tracking aprons quick and easy. It is the best system I have had the opportunity to work with."

Doug Beardsall MRT (R) CTIC – Senior Technologist QC
